

Changzhou CO-NET Electronic Technology Co., Ltd

CNT-106 Inline Type Fiber Splice Closure

Product Description

Horizontal Closure provide space and protection for fiber optic cable splicing and joint. They can be mounted aerial, buried, or for underground applications. They are designed to be waterproof and dust proof. They can be used in temperature ranging from -40°C to 85°C, can accommodate 70 to 106 kpa pressure and the case are usually made of high tensile construction plastic.

Application

Optical Fiber Communication System

Fiber Optical CATV, FTTH (Fiber to the home)

Optical Fiber Access Network

- 1)Made of high quality engineering plastics.
- 2)Suitable for cabling work area subsystem
- 3)Easy for installation and removal
- 4)Cable protective: waterproof, dust proof, UV protection
- 5)Functions of reuse and expansion

Specifications

| | |
|---------------------|-------------------------------|
| Material | PP |
| Size | 492x186x116mm |
| Cable Ports | 2 In/ 2 Out |
| Max Capacity | 96 Core |
| Splice Tray | 1-6 PCS |
| Optical cable Ports | 4-Φ20mm |
| Sealing Way | Self Adhesive Rubber |
| Installation Way | Aerial, Duct or Pole-Mounting |
